Dear Members,

Sub: Publication by the High Commission of India in Wellington to help Indian Traders

Indian Missions across the world have been instructed by the Government of India to strive to promote trade, tourism, technology adoption etc.

2. In an endeavour of Ease of Doing Business (EODB) and trade facilitation measures, the High Commission of India in Wellington has published a business report “***Ease of Doing Business in New Zealand: A Guide for Indian Traders and Investors***” to help the Indian trades who want to do business in New Zealand.

3. The report has been brought out with the objective of informing business communities in India and New Zealand about immense business opportunities that await them. There is a huge potential for growth in bilateral economic ties given the synergies between India and New Zealand. This handbook is intended to provide valuable information to both Indians and Kiwis to further strengthen the overall economic relations between both countries. This is for your kind information please.

With warm regards,

Yours sincerely,
