Sub: Webinar on Emerging Global ESG Compliances for Apparel Export

Dear Member Exporter,

In USA and European markets Environmental, Social, and Governance (ESG) compliance are becoming a priority for global brands. Consumers and other stakeholders in these markets are expecting brands and their suppliers to show commitments towards complying with these emerging ESG norms and regulations. In this context, it is necessary to know about these new regulations which may have an impact on apparel export from India.

AEPC in collaboration with Centre for Responsible Business (CRB) and Good Business Lab (GBL) is organizing a webinar on "*Emerging Global ESG Compliances for Apparel Export*". CRB has been established as a think tank to promote the understanding among relevant stakeholders on social, environmental and economic sustainability issues – thereby leading to the achievement of Sustainable Development Goals (SDGs). GBL is a not-for-profit labor innovation organization. They use rigorous research methods to find a common ground between worker wellbeing and business interests.

The details of the webinar in given below:

Date: Thursday, 7th December, 2023
Time: 3.00 PM to 4.00 PM
