AEPC invites you to a Webinar on
SALEEM Regulation and MOIAT Regulation General Guidelines for Textile Products

UAE and Saudi Arabia are one of the important markets for Indian apparel exports. UAE is the 2nd largest RMG export destination for India and Saudi Arabia is the 8th largest RMG export destination for India.

Indian apparel exports contributes to a decent share of approximately 32% of the total apparel imports into UAE and around 15% of the total apparel into Saudi Arabia.

Recently, the historic India-UAE Comprehensive Economic Partnership Agreement (CEPA) was signed between the two nations. India will benefit from preferential market access provided by the UAE on over 97% of its tariff lines which account for 99% of Indian exports to the UAE in value terms.

With increased opportunity for exports from UAE after CEPA, it is important to understand the technical requirements of these markets. To facilitate awareness on the requirements for better market access in UAE and Saudi Arabia, the Council in association with **TUV Rheinland India Pvt Ltd.** is organizing a webinar.

- **Topic:** SALEEM Regulation and MOIAT Regulation general guidelines for Textile Products.
- **Date & Time:** 04.05.2022 (Wednesday)
- **To Register:** [Click Here](#)

We believe this session would be very fruitful for the members of AEPC to understand the requirements for better market access in UAE and Saudi Arabia. For more details on UAE please [Click Here](#)

We request you to please encourage your suppliers as well to register for the webinar.

With warm regards,

Yours sincerely,

Dr. Tamanna Chaturvedi
Deputy Secretary General - AEPC
